ST. PIUS X CAPITAL CAMPAIGN

Campus Master Plan

Why is the church sound system a priority?

- In the past year alone we received approximately 28 requests to tackle this issue
- Our pew survey results also had this ranked as a priority as well
- It is essential that all members of our parish feel welcome and can benefit from the Mass and other programs held in the church

What should we know about fund raising expectations?

- The proposed expansion as laid out in the Campus Master Plan is designed to be executed over time in three phases
- This is a 10-12 year plan and each phase must achieve certain funding milestones before a decision to proceed with construction can occur (the 90/50 rule)
- We are currently in the “Silent” phase of the fund raising effort
